Two Suppliers Recognized By Eaton Law Department As Supplier Diversity Excellence Award Winners

CLEVELAND ... Diversified industrial manufacturer Eaton Corporation today announced it is honoring two law firms for their strong commitment to diversity as part of the Eaton Law Department's supplier recognition program.

The two firms were chosen for the Supplier Diversity Excellence Award from a select group of firms. This is the first year that Eaton's Law Department is recognizing suppliers who exhibit this strong commitment to diversity.

The two law firms receiving Supplier Diversity Excellence Awards are Adorno & Yoss, a firm headquartered in Miami, Fla., with nearly 300 lawyers in 20 locations in the U.S. and Latin America and Quarles & Brady, a 450-person firm headquartered in Milwaukee, Wis., with offices in Florida, Arizona, Illinois and Wisconsin. The firms will be awarded at a special event in Cleveland in September.

"Both Adorno & Yoss and Quarles & Brady have been instrumental in working with us toward our diversity goals," said Mark M. McGuire, executive vice president and general counsel. "Additionally, they demonstrate a commitment to improving diversity in the legal community."

Eaton Corporation is a diversified power management company with 2008 sales of \$15.4 billion. Eaton is a global technology leader in electrical components and systems for power quality, distribution and control; hydraulics components, systems and services for industrial and mobile equipment; aerospace fuel, hydraulics and pneumatic systems for commercial and military use; and truck and automotive drivetrain and powertrain systems for performance, fuel economy and safety. Eaton has approximately 75,000 employees and sells products to customers in more than 150 countries. For more information, visit www.eaton.com.
